

## LONG ISLAND COUNCIL OF CHURCHES

We serve all of Long Island, a region noted for enormous economic and social contrasts. Among the wealthiest suburban regions in the nation, Long Island is also America's most segregated. Our advocacy for the poor works to eliminate these economic and racial disparities.

We advocate for a wide range of social issues including affordable housing, adequate health care access, the environment, social, racial and gender equality, anti-poverty and anti-bias programs, prison reform, substance abuse and domestic violence programs. Through our Multi-Faith Forum's educational programs that promote religious tolerance, we have created an extensive network of advocates from diverse religious, cultural and ethnic groups to help combat the region's segregation and dismantle the barriers of race, ethnicity and religion.

Through organizing for advocacy, we hope to move from education to democracy in action, organizing the people and the agencies that work with those most affected by the issues, in the communities where they live, in collaboration with the individuals and institutions that have the power to remove barriers and to implement social change.

If you can contribute to our advocacy program, would like to join our advocacy efforts, and/or would like to receive our monthly newsletter, please contact us at 516-565-0290, e-mail us at: [licc@optonline.net](mailto:licc@optonline.net) or contact us at:
