

NATIONAL HUNGER AWARENESS DAY

National Hunger Awareness Day is the grassroots movement to raise awareness of the hidden yet solvable problem of hunger in America. This year marks the fifth annual observance with hunger awareness.

JUNE 6 2006

THE FACE OF HUNGER WILL SURPRISE YOU

Thousands of communities across the nation will host food drives, Kids Café events, interfaith services, walkathons, open houses, and volunteer at food banks and food-rescue organizations in observance of their commitment to ending hunger. More than 25 million Americans—including nearly 9 million children and 3 million seniors—receive emergency food assistance each year from the America's Second Harvest-The Nation's Food Bank Network of charitable agencies, representing an 8 percent increase since 2001.

Please help us bring an end to hunger in America. You can support our efforts by attending a local event, advocating on behalf of America's hungry, learning about the upcoming Farm Bill, volunteering your time, making a donation, or by raising awareness in your community.
