

# Take Action for Economic Justice!

**Millions of people in America are hurting.**

**National priorities must include:**

- Affordable Housing
- Children's Programs and Education
- Affordable, Nutritious Food
- Access to Health Care
- Good Jobs at Good Wages

**Grassroots groups and faith-based communities across America are protesting our Government's *misplaced priorities* . . . and challenging *presidential candidates* of both parties to address the long-standing *neglect* of economic issues that affect *families* in every community.**

# Join us on January 30-31, 2004

**as we gather in Columbia, South Carolina**

- to challenge Presidential candidates *in person* to do the right thing for people in need in America.
- to address issues that affect everyday people.
- to join with thousands of low-income, grassroots and faith-based people in a major get-out-the-vote effort.
- to plan future work to end hunger, poverty and economic injustice.
